**BENEFITS**

**DURABLE WATER-REPELLENT:** DWR is applied to the face of the fabric to provide the first line of defense against wet weather.

**INSULATED:** Insulation traps hot air for reduced heat loss and increased warmth.

**PACKABLE/STOWABLE:** Highly compressible layer for emergency use or travel.

**SYNTHETIC:** Designed to replicate the qualities of down, but retain them even when wet. **

**CARE INSTRUCTIONS**

Do not dry clean. Hand or machine wash separately on delicate cycle in warm water. Use mild detergent. Rinse well. Secure all hook and loop closures during wash. Tumble dry at low heat. Do not bleach. Do not iron.
